#1 In Customer Satisfaction

541-265-9074

Whether you're moving locally or considering a move to or from the Lincoln County area, we hope that you will find our moving guide helpful in preparing for your move.

Getting Started: The first place to start is by having a garage sale or donate items to Goodwill or a local charity. Now's the time to get rid of unwanted items. Whether you decide to move yourself or use a full service mover, the less items that you have, the easier and less expensive that your move will be. Don't forget to keep your receipts for tax purposes!

In Newport, there is a drop location at 1801 N. Coast Hwy., behind the Big Guys diner. www.meetgoodwill.com

Professional Packing Service: We provide our full time, certified, pro-packers at affordable hourly rates. We can pack the entire house or just the fragiles: dishes, pictures, lamps and electronics. Our pro-packers are neat, organized and label everything properly. We arrive at your residence with all of the packing supplies. Keep in mind, our service is very flexible. You can come pick up boxes and supplies and pack at will, knowing the whole time that if you don't get finished, call us and we'll send out one or two staff to finish.

Lincoln County's Local & Statewide Mover:

Cross Town Movers specializes in local and statewide moving. Our professional crews are clean cut, courteous, but most importantly, very experienced at carefully relocating your belongings. We offer affordable hourly rates for local moves and can perform the whole move, just the big items or even one piece.

We arrive at your door in the truck, fully equipped with all of the furniture pads, hand trucks, runners for carpets and tools to dis-assemble and re-assemble items like beds. We offer full service relocations to every city in the State as well as the country.

Bekins Interstate Moving Since 1891:

Cross Town Movers is proud to be the Central Oregon Coast, Salem, Eugene, and Corvallis's exclusive agent for Bekins Van lines. We offer professional relocation services to every city in the United States. For well over 100 years now, Bekins has been thriving nationally, with over 250

quality agents nationwide. As the nations oldest and most recognized national mover, Bekins leads the moving industry with programs like guaranteed price protection and for all its worth protection for your goods in transit. Bekins has the strongest network of professional drivers in the industry. They are skilled at providing safe, efficient and personalized service. The Bekins company is recognized globally as an ISO certified carrier. This means that you can expect accurate times of arrival, constant communication and efficient claims handling.

THE FOLLOWING PAGES ARE HELPFUL MOVING TIPS!

Small appliances : Pack small appliance in original container if possible, or in a 3.0 cu. ft. moving box. Do not use shredded paper as it can clog the appliance.

Major appliances: Check with the appliance dealer for any special moving instructions. Remove loose fittings and pack separately.

Washers and dryers: We are happy to un-hook and re-hook. If moving yourself, pad exterior well. Disconnect hoses and put them in the washer.

Refrigerators/freezers: Defrost and dry interiors well. Have an ice chest ready to remove food items at the last minute.

Books: They're heavy, so use small, sturdy 1.5 cu. ft. book boxes. Pack books flat, alternating binding and filling empty spaces with packing paper.

Dressers/bureaus: Fill drawers with clothes, towels or linens.

Lamps: Tall floor lamps are safe to transfer as is with padding. Small table lamps should be wrapped into paper pads or bubble wrap and packed into a lamp carton or 4.5 cu. ft. carton.

Clothes: Dresses, coats, suits or anything hanging in your closet will travel best in a wardrobe box. Wardrobes can also be used seasonally as an extra closet for storage!

Beds: If you are moving yourself, dis-assemble the bed frame. Tie rails and cross piece together with tape. Be sure to mark on the tape to where the pieces fit together for reassembly. Use mattress bags to keep mattresses clean.

Dishes: Individually wrap each piece and place in a dish pack. Place saucer, plates and platters on edge. Do not stack flat!

Cups and bowls may be placed inside of each other and wrapped 3 or 4 to a bundle.

Glasses and kitchenware: Wrap each glass separately in paper or bubble wrap. Dish packs are perfect for glassware as well as dishes. Pots and pans can be stacked in a 3.0 or 4.5 carton.

Mirror carton: Wrap your mirrors or pictures into paper pads, then place into mirror cartons. Fill bottom, sides and top with packing paper to fill space. Mark fragile glass on the outside to prevent mis-handling.

Stereo, compact discs: Separately pack components in a well padded carton. Pack CDs upright in the cases and mark fragile.

Radios and T.V.'s: Box small T.V.'s upright in carton and pad well on sides. Plasma T. V.'s should always be packed in their original carton or a sturdy substitute and must remain upright. For older console size equipment, simply surround with furniture pads.

Lawn mower: Drain fuel and oil before loading. Drop handle from Lawn Mower to save space.

Tools and gardening equipment: Drain hoses, coil and screw ends together to avoid leaks. Tie rakes and shovels in a bundle.

Paint and flammables: Don't move them! The same goes for other flammables such as alcohol, solvents and lighter fluid. These can be dangerous items and must be disposed of moving.

Bicycles, tricycles and baby carriages: Loosen handlebars and turn inward to save space. Clean and cover chains to protect other items from being snagged or soiled.

Indoor plants: Plants are delicate and must be handled with great care. If you're moving locally, they will usually survive the transfer safely in your car or if placed on the floor of the moving truck. If you are moving long distance, find a friend or family member to adopt your plants. Full Service movers will not transport plants and they usually will not survive in the back of your rental truck for days.

- Feel free to leave your dressers full of clothing, this will save on your amount of boxes. Make sure to unload all other furniture containing items other than clothing, i.e., desks, hutches, a coffee table with a drawer. The exception to the rule would be standard file cabinets, not laterals. These can typically be moved full, unless they are going upstairs.

- Prior to the move starting, have the tops of all your furniture items cleared off and ready to go, have clear walkways, and a good idea of where you want your furniture placed at your new residence. This will speed up your move.

- Be sure to have your boxes labeled and sealed. Label your boxes on the side of the box, not the top, and according to where you want them placed at your new residence. For example, label the boxes with a big #1 for bedroom #1, with an L for living room, an F for family room etc. Whether moving yourself or using Cross Town Mover's professional staff, we recommend putting your boxes into their correct rooms. This will save the time of handling things twice.

- Pack essentials, such as medicines, toiletries, important paperwork, and several days of clothing into separate boxes and place them in your car or as the last boxes on the truck. Also include things like your television remote control and telephone.

Good luck with your relocation! Please let us know if we can help.

Moving Checklist

4-8 Weeks Before You Move:

- Contact your local Cross Town Movers agent to schedule a convenient time for a free estimate.
- Have a garage sale or donate your unwanted items.
- Make a list of everyone you need to notify of your move.
- Obtain change of address cards from your local post office.
- Check with your school on transferring your children's school records.
- Find out from the IRS or your accountant if moving expenses are tax deductible.
- Contact your insurance agent to discuss your insurance needs for your new home.
- Select a new bank in your new city.
- Begin to organize your medical and dental records.

3 Weeks Before You Move:

- Make a decision on whether you will pack your own cartons or if you'd like to utilize Cross Town Mover's professional packing service.
- Begin the packing process if you are doing it yourself.
- Compile all personal records.
- Change your address on credit cards, magazine subscriptions.
- Arrange to have your utilities disconnected after your move-out day.
- Arrange to connect your utilities the day before your scheduled move-in day.

2 Weeks Before You Move:

- Plan to use all the food in your refrigerator and freezer.
- Dispose of all flammables, aerosols, paints, chemicals and ammunition etc.
- Drain oil and gasoline from mowers and all power tools.

One Week Before You Move:

- Provide contact phone numbers for your Bekins agent so that you are accessible during your move.
- Empty and clean your refrigerator and freezer, clean your stove, etc.
- Only use those household items that you'll need, such as sheets, towels, a few pans and dishes. Make sure everything else is ready to be moved.

Moving Day

- Once moving van is loaded, double check that nothing was left behind in closets, basement, attic, cabinets, drawers, etc.
- Make sure your children and pets are not at home so that they do not get in the way of the movers.
